Perth is the only capital city in the world where you can cruise on a boat to a wine region, snorkel with dolphins, sea lions, and turtles, pull in a crate of fresh lobster for lunch, visit a world heritage listed site, charter a flight to see a pink lake, hunt for truffles, watch a live pearl harvest or see the sunset over the Indian Ocean, all in a single day trip.

# EXPLORE THE REGIONS

Wander a little further and you'll find awe-inspiring beauty, from the lush forests and beautiful vineyards in Australia's South West to the sweeping sandy beaches and the world's largest fringing reef in Australia's Coral Coast. Keep heading north, and you'll find yourself spellbound by the ancient red frontier of Australia's North West, where horizontal waterfalls and a staircase to the moon awaits in a landscape made up of two and a half billion-year-old gorges and 350 million-year-old mountain ranges.
